The Brazil Investment Forum 2017 will provide an overview of the ongoing economic reforms introduced by President Michel Temer and illustrate how they are changing the landscape for doing business in Brazil in a positive way.

The Forum aims to highlight Brazil as a key player in the global economy, consolidating the country as one of the main destinies of foreign direct investments.

Participants will have the unique opportunity to engage in meetings with high-level federal and state government authorities, as well as with key international and national business leaders. This will generate an open space to learn about Brazil’s current business environment, develop strategic partnerships, and obtain practical insight on how to invest and expand operations.

**STRUCTURE OF THE EVENT**

<table>
<thead>
<tr>
<th>Description</th>
<th>Plenary sessions</th>
<th>Roundtables</th>
<th>Parallel sessions</th>
<th>One on One meetings</th>
<th>Networking</th>
<th>Investment opportunities in States</th>
</tr>
</thead>
<tbody>
<tr>
<td>15 min initial remarks on the pre-defined main topics of the session; moderation by a journalist or international correspondent; three CEOs and a high-level government representative; followed by Q&amp;A.</td>
<td></td>
<td>Roundtables will bring together government and representatives from the private sector and experts; moderation by a journalist or international correspondent; followed by Q&amp;A.</td>
<td>Will take place alongside with the plenary sessions; they will be organized and supported by partners.</td>
<td>Consist of meetings of CEOs and high-level Government Authorities. They will take place throughout the event; will be booked in advance.</td>
<td>Meeting rooms will be available to participants under request for private meetings; the event will also provide an ample space for interactions and networking for participants throughout the event.</td>
<td>Investors will be able to interact with states through three mechanisms: i) State’s desk: space where they will receive information regarding economic aspects and incentives; ii) meeting with states’ authorities, to be booked upon request; iii) site location: interest in this activity should be informed during registration.</td>
